## DETAILED ACTION

### *Drawings*

- 1 This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

### *Claim Rejections - 35 USC § 102*

- 2 The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

- 3 Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Chang et al. (US Patent 5,884,288).

Chang et al. discloses the claimed electronic bill payment clearinghouse. Figure 2 discloses multiple user stations for use by payers and payees, an internet communication system, financial stations with accounts, and a central processor station, where the processor station receives payment instructions, generates a directive with remittance information to transfer funds, stores the remittance information which is transmitted upon request by payee and also is capable of transmitting directive before the request.
